NEWS ANNOUNCEMENT *For Immediate Release*

AQUBANC AND ULTRA SYSTEMS BUILD ON TRAQFORM™ SUCCESSSES FOR FORMS PROCESSING

Buffalo Grove, IL and Crestwood, IL – January 22, 2004 - Aqubanc, LLC of Buffalo Grove, IL, a leading provider of Advanced Automated Payment, Check and Form Processing Solutions, and, Ultra Systems, a division of Inscerco Mfg., Inc. of Crestwood, IL, a leader in providing mail openers and extractors are building upon their payment/exception processing successes by expanding TraqFORM™ into the form processing market.

“When Jim Cowen and I first began discussing the concept in 2001 which lead to the development of TraqFORM,” said Bruce Macauley, National Sales Director for Ultra Systems, “we found that once people saw what we were proposing, it made immediate sense. Here was a product which can be sold by the Ultra Systems’ dealer network, adds value to our Milly openers and Tri-Fold extractors, improves the exception process, is self-contained, and does it affordably with accuracy.”

“From the start it has always made sense to work with Bruce and the Ultra Systems’ dealer network because Ultra Systems’ products are perfectly tailored for processing low to mid-tier exception and payment volumes,” said Jim Cowen, Vice President of Sales for Aqubanc, LLC. “The beauty of TraqFORM is in the simplicity, it can be used next to any of their openers/extractors, or, directly with their single or dual-station Tri-Fold extractors. This gives every customer the ultimate choice for optimal mail opening and extraction of forms, checks, remittance coupons or almost any else that can be stuffed into an envelop. After the envelop contents are extracted, sorting with TraqFORM is fast and easy for everyone.”

Successful installations into diverse customers has proven the value of TraqFORM. Now with support from Aqubanc, TraqFORM enables customers with forms and image processing needs to reap these same mail opening and extraction benefits. At long last the convergence of mail opening, form, image and payment/exception processing has occurred.

To find out more about the "Ins and Outs of Mail Processing" contact Bruce Macauley, 949.644.4991 or visit www.inscerco.com for more information.
