unique in performance & design

- Ideal gift processing scanner
- Cheque 21[®] System certified
- Compact functional design
- Exclusive 5-year coverage

The SEAC BANCHE Orion design simplifies the processing of Like-Type™ gift transactions. Reply Devices and checks are quietly and quickly imaged front and back, plus each check is read with improved accuracy.

The resulting Reply Device and check image quality makes it easier for your Gift Processing operator to VisuallyVerify™ the resulting constituent or prospective donor and their gift data.

The SEAC BANCHE Orion from Aqubanc® is built especially for nonprofit and charitable organizations to meet exacting needs delivered by Cheque 21® System certified technology:

- Improved recognition of donor ID and Finder File number along with acquisition, cultivation and source codes
- Images qualified for electronic Cheque 21® deposit submission
- Inkjet endorsement for audit and deposit functions
- Easy and friendly access for cleaning
- Aqubanc® exclusive 5-year Advanced Unit Replacement coverage

Performance with accuracy improves throughput, lowering costs to better Steward Your Resources™.
